# BIOGRAPHY

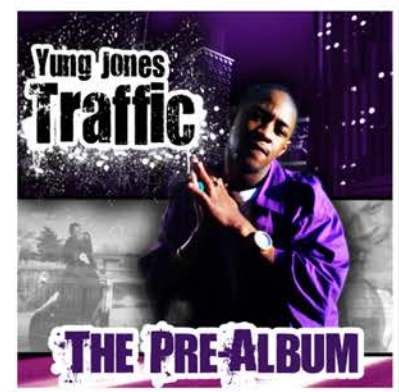

"Yung Jones", is a rap artist born in Houston, Texas, raised in Lawton, Oklahoma. Raised by a single mother, who worked two jobs, he stayed with his grandmother most of the time so to him, the streets were home. In 2000, Jones moved to Oklahoma City, and that's when he started listening to music a lot more. When he was twelve years old, he found his rhythm making beats with anything he could find and therefore discovered his passion.

Jones began to learn firsthand of the ups and downs in life. Growing up, he was influenced most by T.I., Bone Thugs and Harmony, Jay-Z, Michael Jackson and Jadakiss to name a few, but because of the evolution of music, personal life experiences influence him now. Jones has come a long way in this music biz from when he first began and constantly brings something new to the table.

Of his many accomplishments; Being paid to perform, being paid for verses, and generating the craft of his own artistry, are among the top. Jones has opened up for Young Thug, Plies, Webbie, Slim Thug, DJ Quik, Nipsey Hussle, YG, Bun B, Paul Wall, Lil KeKe and more. In 2011 Jones was awarded "Best New Artist"; in 2012 he was awarded "Artist Of The Year"; and in 2013 and 2014 Jones was awarded "Label Of the year."

Consistently making new music, Jones is starting to trail blaze new ground. Armed with an extensive knowledge he has proceeded to take a different approach to the craft. The direction where this talented artist is going is untouched, but yet set aside just for him.
